Unit 3D, Freshfield Industrial Estate
Freshfield Road, Brighton, East Sussex, BN2 0DF

Location

The Freshfield Business Park is located approximately 1 mile to the east of Brighton City Centre. Access is via the A23 London road and Edward Street.

The Business Park has become increasingly popular with trade counter occupiers and the landlord has implemented an ongoing programme of refurbishment and alteration works to render units suitable for this use.

Description

The unit is steel framed with part brick and blockwork walls and has a painted concrete floor. There is fluorescent strip lighting throughout, gas fired central heating to the offices, and, we understand, a single phase electricity supply. To the northern elevation there are two WC's and a small office area. To the southern end a mezzanine has been constructed protruding 2.53m, which has been used for added storage.

There is a concertina loading door providing access to the warehouse, with a separate personnel access to the office. To the southern elevation the warehouse provides a maximum eaves height of 5.2metres, with this being restricted to 2.8metres to the northern end. Externally there is parking for approximately 4 cars plus area in front of the loading door
